REF: UNRCO/022/032

5 May 2022

Dear Mr. John Aylieff,

Subject: Confirmation that WFP Country Strategic Plan is derived from the UN Sustainable Development Cooperation Framework

Following careful review, I am pleased to confirm that the Country Strategic Plan (CSP) of World Food Programme for 2023-2026 has been derived from the draft results framework of the UN Sustainable Development Cooperation Framework for Tajikistan, in line with the Cooperation Framework Guidelines. As of today, UNSDCF priorities are confirmed by UN leadership in country and the government signature is expected in June 2022.

This CSP will substantially contribute to the UNCT’s collective efforts to achieving the following strategic outcomes:

   **Outcome 1.** Inclusive human development  
   **Outcome 2.** Sustainable, inclusive, and green economic growth  
   **Outcome 3.** Integrated management of climate and environmental risk

We appreciate the World Food Programme engagement in the UN Sustainable Development Cooperation Framework design process. We now look forward to successful coordinated implementation of this CSP through the UN joint work plans of the UN Sustainable Development Cooperation Framework.

Sincerely,

[Signature]

Sezin Sinanoglu  
UN Resident Coordinator in Tajikistan

Enclosed: UNSDCF 2023-2026

Mr. John Aylieff, WFP Regional Director for Asia and the Pacific  
cc: Mr. Adham Musallam, WFP Representative/Country Director in Tajikistan
