UNCT MEMBER SELF-ASSESSMENT
FOR UN COUNTRY TEAM MEMBERS

COMPLETING THE SELF-ASSESSMENT
- Reference Guide –

Introduction

In the Assessment for Results and Competencies (ARC), self-assessment by a UN country team member commences after the following steps have been completed:

1. The UNCT member creates the performance document, enters indicators for their goals and then shares the document with the performance document manager.
2. The performance document HQ Admin reviews and approves the performance documents.

The performance document is part of the yearly performance evaluation process against which you would enter your self-assessment comments in ARC.

Once the performance document manager has submitted the document, the UN country team member receives an email notification informing him/her to commence the self-assessment in ARC.

In this document, you will learn how to complete the self-assessment in ARC as the country team member.
